How has the fund performed?

This section tells you how this series of the fund has performed since inception. Returns are after expenses have been deducted. These expenses reduce the series' returns.

It's important to note that this doesn't tell you how the series will perform in the future. Also, your actual after-tax return will depend on your personal tax situation.

Average return

As at April 30, 2012, a person who invested \$1,000 in this series of the fund since its inception now has \$1,089. This works out to an annual compound return of 3.5%.

Year-by-year returns

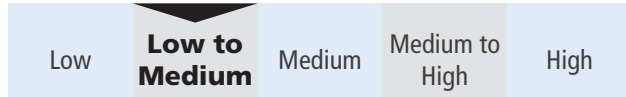

This chart shows how the series has performed in each of the past 2 completed calendar years. The series dropped in value in 1 of the 2 years.

How risky is it?

When you invest in a fund, the value of your investment can go down as well as up. BMO Investments Inc. has rated this fund's risk as Low to Medium.

For a description of the specific risks of this fund, see the simplified prospectus offering this series of shares of the fund.

Are there any guarantees?

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

Who is this fund for?

Consider this fund if:

- you want the flexibility to switch to another class of BMO Global Tax Advantage Funds Inc. without realizing capital gains
- you are planning to invest for a period of time consistent with the portfolio's target end date
- you want a core holding that becomes more conservative as its target date approaches and is well diversified by asset class, geography and market capitalization
- you are comfortable with low to medium investment risk (i.e., you are willing to accept some fluctuations in the value of your investment).

Before you invest in any fund, you should consider how it would work with your other investments and your tolerance for risk.

A word about tax

Depending on the tax rules and tax rates that apply to you and the fund, you may have to pay tax on your portion of the fund's earnings and gains, whether paid out to you in cash or reinvested in the fund. Also, you may have to pay tax on any gain you realize when you redeem or sell your investment in the fund. However, if you hold your investment in a registered account such as a Registered Retirement Savings Plan or a Tax-Free Savings Account, generally you will not have to pay tax on earnings or gains that are held in the registered account.

How much does it cost?

The following section describes the fees and expenses you could pay to buy, own and sell Series H shares of the fund.
